## Annual Energy Leaders Roundtable

Hockley Valley Resort  
Orangeville, Ontario

### WELCOME

On behalf of the Council for Clean and Reliable Energy and our partners, welcome to the seventh CCRE Annual Energy Leaders Roundtable.

The intent of this event is to bring together leaders in the energy industry for open dialogue, a candid exchange of views, and networking among participants. There will be several keynote addresses as well as panels introduced by brief presentations at the beginning of each session that are organized around a variety of timely and important topics.

We are pleased to have brought together high caliber speakers and participants and look forward to the presentations and discussions from the sessions. We will receive an opening keynote from the Hon. Rod Phillips, Minister of the Environment, Conservation and Parks, followed by sessions including::

- The Role of Nuclear Power and Innovation in Nuclear Energy to Secure Ontario and Canada's Low Carbon Future
- Meeting the Long-Term, Electricity Supply Challenge
- Role of Innovation: Balancing Climate and Energy Policy
- CEO Perspective: Energy Sector Challenges, Technological Innovation and Response
- Pipeline Infrastructure and 21st Century Nation Building
- Promises, Politics, and Polls
- Politics and the Energy Sector

We would like to thank our partners: The Ivey Energy Policy and Management Centre, Ivey Business School, Western University and the Power Workers' Union. As well, we would like to thank our sponsors for their support: Ivey Energy Policy and Management Centre, Gowling WLG (Canada) LLP, Power Workers' Union, WeirFoulds LLP, KPMG and Karen Taylor Consulting.

The Council is a group of volunteers who have an interest in promoting open debate about energy issues. We do not represent a particular interest group and attempt to bring together a broad range of stakeholders who share an interest in good public policy.

We would like to thank Paul Newall, David Hay, Guy Holburn, Allan Kupcis and Ian Mondrow for their leadership in making this roundtable possible.
